SOQI Builds Wealth and Health

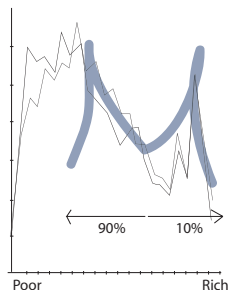

In the United States, economists find that we are losing our middle class. Like the polar ice caps, the middle class is disappearing. America is becoming a two-class society. Soon enough, you will be either rich or poor.

“The rich are getting richer, but are you?”

A shocking report from CNNMoney.com states: “Concerns about the U.S. economy falling into a recession are driving the markets lower...”

Not only is there a fear of recession, we are facing other serious economic problems including a weak U.S. dollar, a tumbling stock market, soaring gas and oil prices, growing job losses, real estate downturns, inflation, etc. Are you finding out that your money is being spread thinly across all of your obligations? Maybe you’ve begun thinking about how much longer you have to work. How much longer will your money and/or your health hold out?

(M-shape society picture)

Today, everyone wants to know the future - where are the big money or investment megatrends going to come from?

In fact, you have a 90% chance of becoming a poor man if you never invest your money. However, you may have a 10% chance of making a fortune if you invest your money wisely in the future.

We believe the next “Big Thing” is the wellness revolution. There are over 75 million baby boomers going into retirement in the foreseeable future. In the next 10 years, the Home Health Care Industry will be the hottest market available for you to get into. This is a great chance to invest in your future, with a willing, large, and ready marketplace. We hope, with this kind of incentive, that our new Distributors will make a 3-5 year commitment to successfully build an HTE business. And, HTE USA is ready to help you get there!

We are extremely excited about our new business focus and the vision that has been laid out for our future. To begin, we’ve developed the “SOQI Home Healthcare System” to help you optimize your business ventures with us. There is no doubt about it. HTE and its SOQI Home Healthcare System are very popular. We are here to help you stay consistently focused

on the SOQI system, build momentum, and duplicate your successes throughout your organization.

Whether you are just getting started or have been building your business for a while, decide what you are really aiming for. If you consider your small business to be successful, your next step will be duplicating what helped you get there in the first place. Remember that the people who created McDonald’s initially got some spare change for their efforts. The people who replicated McDonald’s business model made a fortune for themselves. As you begin building your profitable business, understand that this is just the first step in laying a solid foundation for the growth of both your distributor organization and your personal income.

You can also join our “SOQI Club” to help you build your own HTE business and help others do the same. Visit our website at www.hteamericas.com for more information. We are certain that these expectations are not unreasonable – and that financial freedom is achievable. HTE USA offers the powerful SOQI Home Healthcare System to help you get there. Thank you for joining HTE’s family.

2008 HTE Americas Convention

Dear HTE families:

In 1992, HTE USA announced its 1st generation Chi Machine. Known then as the “Healthy Oxygen Machine,” it immediately became the cutting edge technology in health and well-being. Since then, over 5 million Chi Machines® have been sold worldwide. Due to annually increasing sales, the company is eager to provide more excellent health products for our customers and more business benefits to our member distributors.

One of those business benefits is the 2008 HTE Americas Convention scheduled to meet in San Diego, CA from August 9th through August 13th, 2008. We are inviting people from the three countries of Canada, Mexico, and the United States to join us. There will be over 300 Top Distributors attending the convention and celebrating HTE USA’s 15th Anniversary.

And, we are celebrating HTE USA’s 15th Anniversary in a big way! So big that ***we are giving away a 5-day, 4 night trip*** for you to join us! This event includes a one-day convention, a one-day training seminar and many ways for you to play, relax, and learn. We’ve scheduled many exciting events for the convention including a general Networking Session where Distributors can exchange ideas, opinions, and theories that help them stay on track and make more sales. There will be recognitions of Member Distributors, a new DVD presentation for all products, a guest speaker who has a lot of experience with the Direct Selling Association of Washington, D.C., and our Chairman, Gordon Pan, who has a special message for everyone in attendance. Training seminars will be offered in English and Spanish to help Members get more product knowledge and better understand management skills.

To welcome our distributors, we’ve reserved the Town and Country Resort, San Diego’s largest privately owned Convention Center. This state-of-the-art resort, the best in the area, provides today’s meeting planners with beautiful facilities to ensure a successful event. The hotel, located in the heart of beautiful Mission Valley, CA has five restaurants on site and a day Spa/Salon, to help make your stay remarkable and memorable.

In addition, Light Rail Trolley Stations and the “Fashion Valley” shopping mall are within walking distance. Riverwalk Golf Club is just across the street. Local attractions include SeaWorld Adventure Park, San Diego Zoo, San Diego Wild Animal Zoo, Old Town San Diego, Legoland California, Maritime Museum of San Diego, Belmont Park, Balboa Park, Beaches, Sports, Ballgames, Golf Courses, and more!

After all of your hard work and effort for the company, HTE USA wants to wish everyone success in their independent business! We anticipate you will discover more benefits from the convention and have a great time in San Diego’s beautiful weather.

Remember, the San Diego Trip Contest is ongoing and going on! And, if you qualify, you can attend for free!

Guest speaker :

We are pleased announce our guest speaker, Mr. Joseph Mariano from the “Direct Selling Association.” With years of experience in the direct selling industry, he will give us a brief speech about future Direct Selling Market Mega Trends.

Joseph N. Mariano joined the Direct Selling Association (DSA) in 1985 and currently holds the position of Executive Vice President and Chief Operating Officer. DSA is a 98-year-old nonprofit national trade organization representing 300 direct sales firms and their 15.2 million independent salespeople.

Mr. Mariano is responsible for representing the Association’s interests at every U.S. state capital and on Capitol Hill. He serves as a personal resource to direct selling companies who need general guidance on legal trends that affect Direct Sellers both in the U.S. and worldwide.

Mr. Mariano serves as Secretary and legal counsel to the Board of DSA and also serves for the Direct Selling Education Foundation.

HTE Americas looks forward to seeing you in San Diego.

“HTE reserves the right to amend, change or alter rules and guidelines at any time at the company’s discretion and without prior notice.”

High Lights of the Month

My wife has worked as a tailor since the birth of our first child in 1978. Through the years she suffered from extremely painful backaches. She tried countless medications, ancient Chinese herbs, and acupuncture - even a physical therapist; however, her condition did not improve. After twenty agonizing years, she just learned to live with the pain.

In February 2007, she had the opportunity to try the Chi Machine and decided to buy one. It didn't hurt her back, it actually made it feel "looser" - the muscle tightness seemed to lessen. In addition, she decided to try the HotHouse™ and see if the effects of Far Infrared Rays (FIR) would also help. After only two months of using the Chi Machine and the HotHouse™, the pain she suffered with for over 20 years almost disappeared!

Then my wife and I noticed she was losing weight. After using the machines for four months, she had lost 20 lbs and gone down several inches on her waist! What's more is the new found energy that has fueled her daily activities since using the Chi Machine. She was able to work very long hours with a clear mind, not feeling tired and exhausted like before.

Seeing the miraculous effects the Chi Machine and HotHouse™ had on my wife, I gave the Chi Machine a try. After 15 minutes on the Chi Machine, my snores were like musical tunes resonating throughout the living room!

I started to think about my sister-in-law who suffers from Type-2 diabetes. She's confined to a wheelchair due to the lost of sensation of her feet. I sent her the Chi Machine and after two months of using it, she started to feel her legs. She even walked a few steps with the help of a cane!

My family and friends continue to introduce both machines to everyone they knew from the U.S. to Canada, Australia, France and even Vietnam. Many have bought the Chi Machine as a gift for their parents and watched as their loved ones showed drastic improvements in their health. They have greatly appreciated the results their parents have received from the Chi Machine and HotHouse™.

Of course these are just a few personal experiences that I have witnessed. The miraculous healing power of the Chi Machine and HotHouse™ will bring endless success stories of better health.

I am so thankful for Dr. Shizuo Inoue of Japan who invented these wonderful machines. I also want to thank my team members who have worked so hard to make all this happen - keep up the good work team! Special thanks to Mrs. Kim Thoa, my loving wife for her unconditional support, Miss Vivienne, Miss Vanessa, Miss Karina and all the staff members of HTE for all your dedicated team-work.

To my clients:

Most of the time when customers inquire about the Chi Machine, their first thought is "Gosh, this machine is costly." But after providing them with all the information and showing them what the Chi Machine can do, money does not become a leading factor because of the health benefits they can receive.

I know that customers are our number one priority and I would like to thank you for your business. But without our Distributors, this entire company would not be in existence and I would not be where I am today. So with this said, my goal is to continuously strive to bring HTE and all of its wonderful products into your lives and provide you with all the information needed to help you live a healthy and happy life as it did for my family and me.

The Power of Synergy!

Total Health Formula

E-Power was designed to provide Negative Potential Energy (Anion effect) with High Frequency Energy (Resonance). Using your body as a capacitor, E-Power generates 70KHz of high frequency which creates a balancing and revitalizing internal energy in your body.

Negative Potential Energy increases the permeability of cell membranes and enhances the composition of ATP (adenosine triphosphate - energy-carrying molecules found in the cells of all living things). ATP transports chemical energy within cells for metabolism; it is an energy source that your body needs not only to survive, but to thrive on! And E-Power is the source to bring ATP to you!

And now, adds the whole foods – Total Health Formula

Total Health Formula uses all natural ingredients to help ease digestion, release vital nutrients, support a healthy digestive system, enhance physical strength, and energize your body.

3 Main Functions:

Improve nutritional circulation - 102 kinds of fruit and vegetable

Improve digestive circulation - Lactobacillus sporogenesis, Dietary Fiber

Improve cardiovascular circulation - Q10

3 Main Ingredients:

102 Kinds of Fruits and Vegetables

Total Health Formula contains extracts from various kinds of fruits and vegetables, and it goes through a 540 day fermentation period. Therefore, each drop of this liquid enzyme contains natural fruit and vegetable nutrition elements.

CoQ10 (Soluble Co-enzyme Q 10)

CoQ10 – for the prevention of heart failure and can improve the function of heart cells, protect blood vessels, and lower blood pressure. CoQ10 also prevents arteriosclerosis and anti-oxidation.

Lactobacillus Sporogenesis

It is a gram-positive, spore-forming, and lactic acid producing probiotic. It supports the growth of friendly bacteria and helps maintain a healthy balance of microflora in the intestinal environment. Additionally, it can improve digestion and absorption, lower cholesterol and the risk of intestinal cancer, and enhance the immune system.

Instructions:

E-Power: 1 or 2 daily sessions. 30 - 60 minutes each session

Total Health Formula: Take 1 bottle daily, 1/2 before and after E- Power treatment. If you wish, you can dilute the Total Health Formula with 8 to 10 ounces of water for each 1/2.

Main Benefits Derived From E-Power:

1. Activates Cells
2. Increases Blood Circulation
3. Adjusts Nerve System
4. Normalizes Metabolism
5. Detoxifies Your Body
6. Improves Physique
7. Boosts Immune System
8. Enhances Beauty
9. Improves Skin
10. Weight Loss
11. Increase ATP Energy
