3. **Approaching:** DIC/SUC Fast Track
4. **Place:** HP and Meeting (Golden PRC Incentive Program)

(Description)

Dear HTE Family Members,

This year marks the 20th anniversary of HTE. We are all very excited about the trip to Taiwan for the HTE 20th Anniversary International Conference which will be held in September 2009 in Kaohsiung, Taiwan. In order to help you win the Taiwan trip contest, we would like to share some tips with you to assist you in achieving your goal more quickly and easily.

There are several existing special programs organized by HTE that you can take advantage of, for getting special prizes or getting promoted to a higher distributor level. Among these special programs, the SOQI Club and the MAC Express program are two efficiency “tools” that can be used to accumulate trip points expeditiously. Moreover, both the SOQI Club and the MAC Express programs are especially designed to motivate you and help you develop, expand your organization/group. In a nutshell, these two programs are targeted specifically. You should be able to qualify for them without a lot of difficulties if you are faithfully perform these contents more systematically.

Here are three basic elements involved in earning trip points: (1) Home Parties; (2) SOQI Club; and (3) MAC Express. The following illustration (FIG.1) shows how these elements are related to one another:

Home Parties

As you can see from the illustration, hosting Home Parties is the first step, and it is a integral part of the entire process. A well-planned home party will not only increases your chance of sales, but also an excellent way to recruiting new members/distributors (trip points are earned based on new recruits). Home parties should be ongoing activities because they provide distributors and new friends a great platform to interact and exchange information. Furthermore, throughout the entire period of the Taiwan trip contest, you will need to host as many home parties as you possibly can to enhance your chance of winning the SOQI Club and MAC Express, then ultimately to win the trip to Taiwan. HTE is now providing excellent Home Party packages to all of our distributors for free, please contact us or visit our website at <http://www.hteamericas.com> for more details.

SOQI Club

The SOQI Club is a special incentive program designed to help our distributors earn the trip points

systematically, while they develop and expand their organizations and groups. To become a SOQI Club winner, you need to recruit six DIC level distributors within two consecutive calendar months and help two of these newly recruited DICs become to SUCs (Supervisors). A SOQI Club winner will receive a free Chi Machine, a SOQI Pin, and extra 20 trip points! (FIG. 2)

You will have a better understanding of how a SOQI Club program helps you to accumulate trip points, let's take a look at the following scenario. When you first became a SOQI Club winner, you will receive 120 trip points! (FIG.2) Now, if you duplicate the SOQI Club incentive program three times within the period of the contest (6 months), you will obtain three free Chi Machines, three SOQI pins, and a total of 360 trip points! Voila! You just became a winner of the Taiwan Trip Contest! For guidelines on SOQI Club incentive, please refer to the attached flyer.

MAC Express

If you will, a program to “kill two birds with one stone”: if your current level is a DIC or a SUC, it allows you to earn trip points. If you met the requirements of the program you will get promoted to the MAC level! During the trip contest period (6 months), if you accumulate 120 or more trip points contributed by your 1st and 2nd generation SUC downline, you will promoted to a MAC and bypass the conventional MAC requirements. (2475 BVP plus two SUC downline). (FIG. 3). Now here is the beauty of the SOQI Club program: if you accomplish SOQI Club program three times, you'll automatically become a MAC Express winner! (FIG. 3) As you can see, by implementing the SOQI Club program, you are actually paving your way to becoming a MAC! For guidelines on MAC Express program, please refer to the attached flyer.

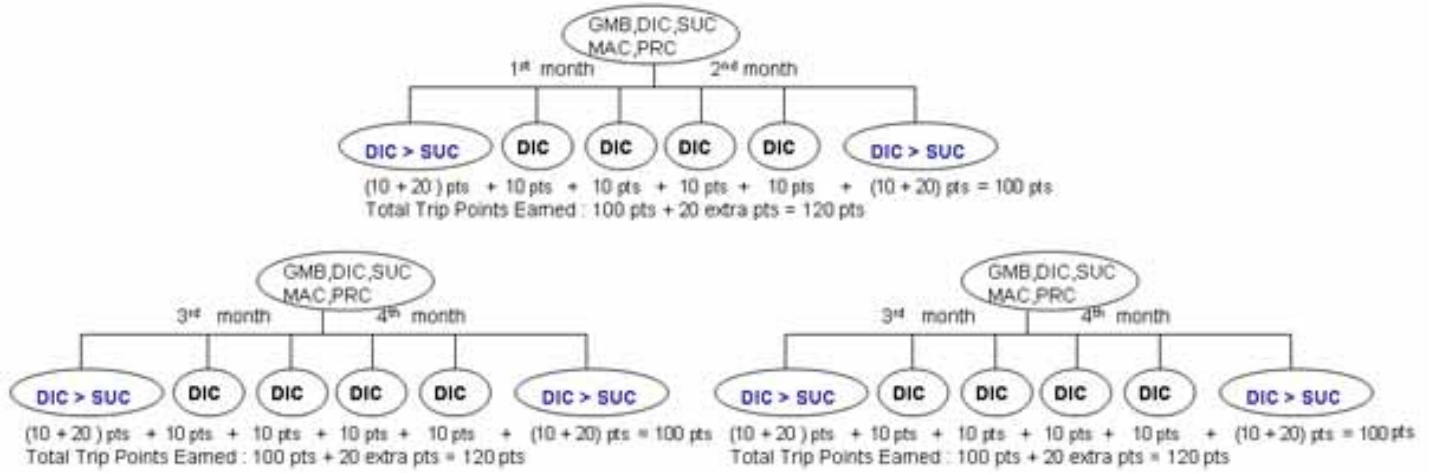

Other Taiwan Trip related incentives

Besides Home Parties, SOQI Club Incentive, and the MAC Express, we have more special incentives to help you earn more trip points as well:

- **SUC Express Packages:** When a GMB or a DIC level distributor purchases one of the SUC Express packages, the distributor will receive 30 trip points.
- **SOQI Bed Sales Incentive:** When a distributor (GMB or DIC level) purchases one SOQI Bed set, the distributor will receive **1.5** times the trip points (45 trip points instead of 30 points) towards his/her SUC promotion. The distributor's 1st and 2nd generation uplines will receive only the original trip points.
- **PRC Extra Incentive Programs:** PRC level distributors can earn a trip to Taiwan by taking advantage of our PRC Extra Incentive program. Based on the total PGBVP accumulated in the trip contest period, a PRC can win a trip to Taiwan with up to 100% traveling expense compensation from HTE. Please see the attached PRC Extra Incentive flyer for more details.

I hope you now have a better understanding of how you can incorporate the Home Parties, the SOQI Club, the MAC Express, and other trip point incentives into your business expansion plan. Please do not hesitate to contact us if you have any questions. Taiwan awaits you! See you there!

SOQI CLUB INCENTIVE

Duplicate and Repeat SOQI Club 3 times: $120 \times 3 = 360$ pts
